In the Shahke River Battle 15,859—The Question of Fuel Serious—Dispatches from the Front.

London, Oct. 25.—It is stated that the situation growing out of the shelling of British fishing vessels in the North sea by the Russian Baltic fleet has already been adjusted in principle, Russia agreeing to make every amendment within reason. She desires, however, to hear a full report. The main danger at present lies in the possibilities of the St. Petersburg authorities failing to fully realize the red heat of English opinion, and as a result of resorting to dilatory and evasive tactics in adjusting the details.

The remainder of the fishing fleet is fully accounted for. Many in their haste to get beyond the range of the Russian guns, cut away the nets and other valuable gear, all of which Russia will be expected to make good.

Premier Balfour arrived in London early this morning. As soon as his train reached the station he hurried to the office where he answered many telegrams. He conferred with Foreign Secretary Lansdowne and later drove to Buckingham where he had an audience with King Edward. After his visit the King left for Newmarket. The latter fact indicates that the crisis has passed the acute stage, in as much as the King would undoubtedly have remained in London.

**Czar Will Apologize.**

St. Petersburg, Oct. 25.—The Russian official coterie is chagrined over the North sea affair, and is especially upset by the biting sarcasm of Germany's comments on the incident. It is understood that the matter has been placed in the hands of the Czar and that his majesty has already made a decision for full apologies and indemnity. The eating of humble pie is just now peculiarly unrelishable and will probably serve to greatly intensify the anti-English feeling in government circles.

**Russian Ships Have Orders.**

Cherbourg, Oct. 25.—The Russian warships in the offing here have received sealed orders to be opened when three miles out to sea. The orders contain instructions as to the course they shall follow.

**Queen Expresses Sympathy.**

London, Oct. 25.—Queen Alexandra has sent the mayor of Hull one hundred pounds for the widows and children of the fishermen who lost their lives in the recent disaster. Her majesty in her message asks for the progress of the wounded.

**Chinese Merchants Arrested.**

Chefoo, Oct. 25.—It is reported that friction has become manifest between the Chinese and Japanese at New Chwang. The estrangement is chiefly due to the acceptance of promissory notes by the Japanese. Twelve leading Chinese merchants have been put in jail. It is further reported that Chinese coming from the north to New Chwang who have Russian money are at once arrested.

St. Petersburg, Oct. 25.—Gen. Kuropatkin today reports that yesterday passed quietly at the Shahke river.

London, Oct. 25.—It is understood that England's note to Russia relative to firing on the British fishing vessels contained three demands, namely, first, an apology by the Russian government; second, adequate compensation for the damage inflicted; third, immediate inquiry by the St. Petersburg authorities to ascertain who the guilty officers are and to impose punishment on them.

**Only Bare Details Given.**

St. Petersburg, Oct. 25.—The newspapers today print the bare details of the North sea affair, and comment on it in a guarded manner. The Novo Vremya takes the most frank position in the matter, saying, "It was our own fault, and every means should be taken to repair the injury."

**Three Torpedo Boats Seen.**

Brest, France, Oct. 25.—Three torpedo boat destroyers and a transport

passed Ushant, off the coast of Brittany today, steering west.

**Russian Press Silent.**

St. Petersburg, Oct. 25.—The British ambassador will be received this afternoon by Foreign Minister Lamsdorf and will present instructions. This morning Captain Calthorpe, British naval attaché, proceeded to the Russian admiralty office and formally notified the minister of marine that British fishing fleets may be found on the Spanish coast, which is interpreted as a strong hint. The press continues silent on the topic of the North sea tragedy, printing bare telegrams concerning the sinking of the trawlers.

The same silence governs the actions of the authorities who await a formal report of Admiral Rojestvensky which it is expected he will file at Vigo, Spain, upon the arrival there of the commander's flagship.

**Little Comment in Japan.**

Tokyo, Oct. 25.—Very little stir is caused here by the Russian attack on the British fishing fleet in the North sea. Information concerning the affair is meager. Ji-Ji Shimpō is the only newspaper commenting on the incident and suggests that the squadron in firing upon the snags desired a pretext for recall from the hazardous journey to the east. The Ji-Ji says nothing is known in Tokyo of the supposed dispatch of Japanese vessels to the Danish strait to intercept the Russian fleet on which report it is presumed here that the Russians acted.

**Russia Preparing Her Reply.**

Washington, Oct. 25.—A dispatch was received by the state department this morning from Spencer Eddy of the American embassy at St. Petersburg, stating that the Russian Foreign office had received a communication from the British government demanding satisfaction for the firing upon the Hull fishermen and that the foreign office is now preparing a reply.

Vigo, Spain, Oct. 25.—Five Russian colliers arrived here and four others reached Azora, awaiting the arrival of the Baltic fleet, vessels of which will take coal from the colliers. The Russian consul general at Madrid has arrived at Vigo and assumed charge of the colliers. The Spanish warships Kioplat and Estremadura have left Ferrol for Estapa and Azora to preserve neutrality regulations.

Washington, Oct. 25.—A dispatch received today by the Japanese legation from the foreign office at Tokyo, gives the total casualties of the Japanese army, killed and wounded, in the engagement around Shahke, to date at 15,859.

Mukden, Oct. 25.—The Russian forces on the left again crossed the Shahke river on Oct. 21, and are now pushing forward towards the Japanese positions, entrenching as they advance. At the same time Russian batteries are continually bombarding the Japanese, who can be plainly seen busily engaged in the making of trenches. This plan of the Russians to entrench as they advance was adopted because it was found in the recent big battle that it was impossible to advance without some protection in the face of the Japanese shrapnel fire. The Russian and Japanese armies are now separated by less than four miles and the whole field of operations of both armies can be plainly seen.

The question of fuel is becoming a serious one. The greater part of the Chinese corn has already been used for fuel and for fodder, while most of the houses in the Chinese villages have been destroyed and their wood used for fuel. Without fuel and without shelter beyond that provided by tents, it seems impossible for the armies to remain in the field during the increasing cold weather.

**Orders to British Cruiser.**

St. Johns, N. F., Oct. 25.—The British cruiser Charybdis, Commodore Paget, received orders to be in readiness to proceed to England on a moment's notice. The training ship Calypso has been ordered to arrange for the mobilization of 500 men of the Newfoundland naval reserve. There is much excitement in naval circles here.

**Kuropatkin's Latest Report.**

St. Petersburg, Oct. 25.—Emperor Nicholas received the following dispatch from General Kuropatkin dated Oct. 23: "The night of Oct. 22-23 passed quietly. At 9 o'clock Sunday morning the whole of our volunteer sharpshooters harassed the enemy. The Japanese tried to attack our outposts, but were everywhere repulsed by the Russian fire."

**Kentucky College Burns.**

Cairo, Ill., Oct. 25.—Blandville, Ky. college burned, leaving only the brick walls standing. Professor Robinson and family and a few students, who boarded with them, lost most of their personal effects. No one was seriously injured.

**Tramps Crushed.**

Decatur, Ill., Oct. 25.—By the breaking in two of a Wabash freight train at Sadorus and a subsequent collision of the two sections, three men, supposed to be tramps, were killed.

**DIED FROM SHOCK**

Escanaba, Mich., Oct. 25.—Matilda Benson, aged 24, died in a dentist's chair Monday from shock occasioned by having twelve teeth extracted.

**BRYAN WELCOMED ON HIS TRIP OVER OHIO**

**Big Crowds Were Present to Greet Nebraskan.**

Fairbanks at Columbus—Cochran in Colorado—Parker on Campaign Practices.

Cincinnati, O., Oct. 25.—W. P. Bryan's swing through Ohio yesterday broke all of his records for distance and number of speeches in a single day. About 400 miles were covered and 21 speeches were made. It is estimated that he talked to about 100,000 people during the day.

Hamilton, O., Oct. 25.—William J. Bryan concluded his tour of Ohio for the Democratic national ticket with a speech in this city. There were many persons present at nearly every place along the route where Mr. Bryan spoke and he was enthusiastically welcomed. Twenty-one towns were visited, Germantown and Farmersville being added to the itinerary, which provided speeches in 19 cities. Mr. Bryan said he thought the tour was a record on the number of cities visited and the miles traveled in one day. In this city thousands of persons were present to greet him. Occupants of a special train of 12 coaches from Dayton were among the crowd present. There were excursions also from Eaton, Middletown, Oxford and other points. Mr. Bryan was escorted to a public stand and reviewed his speeches of the day embracing the national issues which he spoke for or against. After his address here the Nebraskan left for Indiana.

**Fairbanks at Columbus.**

Columbus, O., Oct. 25.—Hon. Charles W. Fairbanks, Republican candidate for vice president, was greeted by an audience of 8,000 at the Columbus auditorium. Governor Herrick introduced the Indiana senator as "the son of the soil of Ohio," a remark that elicited great applause. Mr. Fairbanks' speech was well received. Prosperity, protection, sound money and an eloquent tribute to Roosevelt were the themes of the speaker. Senator Charles Dick and Governor Herrick also made short speeches.

Two hundred Republicans of Union county, the birthplace of Senator Fairbanks, were in the hall and were presented to the vice presidential candidate.

**Cockran in Colorado.**

Denver, Oct. 25.—W. Bourke Cockran of New York, addressed an audience that taxed the capacity of Coliseum hall here. He devoted considerable time to a discussion of local issues resulting from the strike of metalliferous miners. He declared that in Colorado republican institutions had perished, and that those of the nation were in peril. He was ready to admit that, perhaps, an attempt had been made to maintain order in this state, but by subversion of the law instead of by its enforcement.

**Parker on Campaign Practices.**

Esopus, N. Y., Oct. 25.—Judge Parker addressed a crowd here of several hundred persons on the topic of campaign practices and abuses. He rebuked the present administration for the part government officials are alleged to be taking in the campaign. He charged that the officers of the government are now practically chosen by a handful of corporate managers who contribute the assets of the corporations to keep the conduct of the government in the hands they consider best for their private interests.

**Clark's Statement.**

Butte, Mont., Oct. 25.—Concerning a rumor in New York that Senator William A. Clark intends retiring from politics, Judge William Bickford, counsel for Senator Clark, said that there was no truth in it. He said Senator Clark would begin a speaking tour of the state in the interest of the Democratic ticket.

**IN TEARS**

The Wife Appeared Upon the Business Streets, and Told of Her Husband's Probable Suicide.

Peru, Ind., Oct. 25.—A woman weeping bitterly yesterday afternoon attracted a crowd on a business street. She said that her husband had committed suicide by jumping into the Wabash river. She displayed a postal card addressed to her father-in-law, Edward Newman, bearing this message: "Dear Father: I am tired of life. You will find my body in the river near the steel mills. J. E. Newman"

"The woman was directed to Sheriff Frank Skinner, who, together with Marshal Hann and dozens of people, went to the spot referred to, and there on a high bank in the mud found the prints of a man's feet. It is impossible for a man to stand there without falling over the bank into a deep stone quarry filled with water.

There are 2 Christian chaplains in the Japanese imperial army.

**NOTE**

**Suggesting Another Peace Conference Sent Out on Tuesday.**

Washington, Oct. 25.—Circular notes of instruction were dispatched by the state department this morning to diplomatic representatives of the United States at the capitals of all the foreign powers that were represented in The Hague conference of five years ago, directing them to sound the various governments in regard to the time of holding a new peace congress. They are also instructed to ask whether or not The Hague will be acceptable as the place of meeting.

This is the note agreed upon by the cabinet at last Friday's session as the result of President Roosevelt's promise to the delegates to the inter-parliamentary union that he would further request that a peace congress be held.

**CARNEGIE**

Is Given a Gold Medal at Opening of the Iron and Steel Institute in New York.

New York, Oct. 25.—The opening exercises of the American meeting of the iron and steel institute, the second meeting of which this international organization has ever held on American soil, were held here. The session was marked by the presentation to Andrew Carnegie of the highest honors that the institute can bestow, the Bessemer gold medal. Andrew Carnegie is the first American to become president of the organization, its membership being chiefly made up of Englishmen. The award was made because of his life work in the development of the iron and steel industry of the world.

**Alleged Lynchers Indicted.**

Huntsville, Ala., Oct. 25.—The United States grand jury has made a report to Judge Jones on the lynching of Horace Maples, and expressed the opinion that had Maples not been a negro he would not have been taken from jail and hanged. The grand jury indicted several alleged members of the mob. The report says that something must be done to put a stop to lynching in this south and that all good citizens should welcome anything that may have that effect, whether from the state or federal court.

**HIS MONEY**

Thrown Away by Dr. Weyman Who Then Sent to An Insane Asylum.

St. Joseph, Mo., Oct. 25.—Dr. W. F. Weyman, for many years prominent in professional and business circles in this city, was committed to the state hospital for the insane after an exciting chase. He had engaged a lively rig and drove rapidly down a business street, scattering handfuls of gold and silver coins to pedestrians. He was pursued by policemen, who effected his capture. Dr. Weyman threw away about \$2,000. He became violently insane from the use of drugs.

**Fifth Victim.**

St. Louis, Oct. 25.—The fifth fatality as a result of the battle last Friday between detectives and suspects occurred when William Morris, alias C. C. Blair, a confessed train robber, died at the city hospital. The other victims of the shooting are John J. Shea, Thomas Dwyer and James McCluskey, city detectives, and Al Rosenauer, whom the officers were trying to arrest.

**Beat His Wife and Suicided.**

Columbia, S. C., Oct. 25.—Dr. Van Teuburn Hoffman, surgeon of the Atlantic Coast Line railway at Sumter, beat his wife and then blew off the top of his head with a shotgun. He was very prominent professionally and socially in this part of the state, and the act caused a great sensation.

**POSTMASTER**

Vancott Stricken While in His Office, but Family Keeps Condition a Secret.

New York, Oct. 25.—Postmaster Vancott is ill at his home, having been stricken while working late last night in the postoffice. Nothing definite has been given out concerning the nature of the trouble. A report says that it was an attack of paralysis, the officer that he had hemorrhage. The postmaster had been business at his office which closed his late in the evening. He had been working for some time, when he suddenly sank back in his chair. A physician was summoned and after two hours Mr. Vancott had recovered sufficiently to be taken home in a carriage. A information regarding the nature of the illness was refused by members of the postmaster's family.

**ANCIENT CITY NOW DESERTED FOUND IN ANDES**

**By an American and a German Archaeologist.**

Houses Built 2000 Years Ago Are Evidence That the Aztecs Once Lived There.

Tacoma, Wash., Oct. 25.—An ancient city deserted for 2,000 years, but once inhabited by Aztecs of much larger stature than those who lived in Central America is reported to have been discovered in the Andes mountains, 550 miles from Aranco, Chile, by Prof. Emil Von Burguess, the Berlin archaeologist, and Wm. J. Hemingway of New York, who spent years in exploring South America.

The deserted city was found in a small valley reached after weeks of hardship. It was in an excellent state of preservation, the explorers finding stone houses built twenty centuries ago, crumbling and grown over with mosses and shrubs, yet standing upright. A large quantity of articles taken from the city are being taken east. The city is thought to have had a population of 1,500, and Prof. Von Burguess believes that either flood or disease exterminated the race.

**KRAUSS CASE IS TO BE INVESTIGATED BY JURY.**

Hartford City, Ind., Oct. 25.—Judge Edwin C. Vaughn, of the Circuit court, charged the grand jury Monday. Much interest was attached to the judge's charge on account of the fact that the jury is called upon to investigate the death of Crystal Krauss, whose stepmother, Rae Krauss, is in jail charged with having poisoned her. The judge advised the jury that care should be exercised in returning an indictment, as much on account of justice to the accused as on account of expense to the county.

**WOMAN**

Arraigned on Charge of Fraud in Registration—Active in Politics for Years.

New York, Oct. 25.—The unusual spectacle of a woman arraigned in a police court, charged with registration frauds, was witnessed here. The prisoner was Katie Hicks, 38 years old, who is the lessee of three lodging houses on the lower west side. From these three houses, according to the complaint, 125 men are registered, and it is alleged that between 60 and 70 of the registrations are fraudulent. According to the story told in court, the prisoner has been active in politics for many years. The prisoner was held in \$1,500 bail.

**Agreement On Divorce.**

Boston, Oct. 25.—An agreement on the divorce question has been reached by the house of bishops and the house of deputies of the Episcopal general convention. That section of the canon bearing directly on the remarriage of divorced persons which was amended by the bishops Saturday was assented to by the deputies and becomes effective at once. The leading churchmen expressed the opinion that the restrictions placed on the remarriage of an innocent party to a divorce are so stringent that the remarriage of divorced persons will be rare in the church hereafter.

**RACE WAR**

Grows Out of the Lynching of Blount at Berkeley Yesterday—Town Is Under Martial Law.

Norfolk, Va., Oct. 25.—Berkeley, the scene of the lynching of the negro Blount, is now under martial law. Two encounters occurred between the troops and negroes. One negro refused to obey orders to move on and was bayoneted. He is not seriously hurt. Two militiamen called upon a negro seen crossing a lot to halt. In reply he opened fire on them and they replied. The negro fired three times and fell in front of the soldiers' fire. As they rushed toward him he jumped up and ran, escaping in the darkness. It is thought he is wounded. There is an ugly undercurrent of feeling existing among the negroes of the town.

**IN POCKET**

Note Was Found Saying that Dowd's Church Had Taken All His Money. Case of Suicide.

Kokomo, Ind., Oct. 25.—Police authorities have identified the well-dressed young man who had been seen in the Lake Erie and Western railroad station and afterward died, as Verne Krahl, until recently of Ellettsville, Ill. His father lives at Hoopesville, Ill. In one pocket was found the following letter addressed to a Chicago newspaper: "Will you please put my photo in

the paper so my folks can claim me? They do not know where I am. They live near Chicago. I belonged to Dowd's church the last two years, but this year they got hold of my money I had in the bank and they took it out, and I could not get it back. After they got my money they made me leave the church without a cent, and so I am not going to try to save any more money. I am going to quit. I have saved up a good deal in the two years and they took every cent. I did not register in my right name. That is the reason I ask you to publish this in the paper. Good by and oblige."

Krahl had a position of trust in one of the Dowie industries and the handling of considerable money. He had trouble on account of an alleged irregularity and had been arrested and was to have been tried this month on a charge of embezzlement.

**A Slight Mishap.**

Springfield, Ill., Oct. 25.—A passenger train on the St. Louis division of the B. & O. S. W. while making up in the yards at Flora this morning, ran into a freight train. No damage was done and no one was injured beyond slight scratches.

**BIG FIRE**

Troy, Ohio, Visited by \$200,000 Blaze. A List of the Property That Was Destroyed.

Troy, O., Oct. 25.—The second fire which broke out about midnight was under control at 3 o'clock this morning. The total loss is today placed at \$150,000.

Troy, O., Oct. 25.—A fire which started in the livery stable of W. H. Gillis in the heart of the business district, spread from the starting point to Main and Walnut streets, east to Mulberry street, south on Mulberry street, destroying in all a dozen or more business and dwelling houses. The aggregate loss will be at least \$75,000 with no statement of insurance. The Piqua and Tippecanoe fire departments rendered valuable service.

The losses are: Gillis' barn and contents, \$5,000; Pearson block building, \$25,000; Hollis' printing office, \$500; Charles Jacobs, implement store, \$2,000; Sam Yuen's laundry, \$500; Nicholas Braun, building, \$5,000; Frank Greulich, building, \$5,000; Dallas Craver, shoe shop, \$500; W. Tilton, fruit dealer, \$200; George E. Pearson's residence, \$15,000; W. L. Pearson's residence, \$2,500; Mrs. Lucinda Lewis' residence, \$2,000; Josephine Sullivan's residence, \$2,500.

A second large fire broke out later in Brown's block. The building was occupied by Fred Stille, dry goods store; W. D. Chilton & Sons, bookstore; Cassidy's clothing store, L. F. Hemmessen, J. H. Fredrich's residence, Dr. B. W. Jones, dentist; Stephen Brothers' bakery and the Troy Democrat. The building was valued at \$70,000, with \$15,000 insurance. The Piqua fire department was summoned. Probable loss will be \$200,000.

**VERDICT**

Sending Her to Prison for Two Years Resulted in Death of Mrs. Sternberger.

Memphis, Tenn., Oct. 25.—Mrs. Fannie E. Sternberger, who shot and killed Milton J. Sternberger, her husband, several weeks ago, and who was convicted of involuntary manslaughter and sentenced to two years in the penitentiary, died at the city hospital. After the verdict was rendered ten days ago the woman collapsed and has not made a coherent statement since.

**Street Cars Stopped by Students.**

Havana, Oct. 25.—Riotous students stoned some street cars here, whereupon the company operating the system suspended service on the two university lines, claiming that the street railway was not afforded proper protection. This claim is based on the fact that 30 students arrested for a previous attack on cars had been subsequently released.

**Valuable Concession.**

Port Au Prince, Hayti, Oct. 25.—Two Americans, Schless and Tomlinson, who represent American capitalists, have received a concession from the government for the exploitation of Haytian timber lands, which amounts to a practical monopoly of the industry in this republic.

**SPRUNG A SURPRISE**

Ey Certifying Nominations for Treasurer in All the Townships.

Ironton, O., Oct. 25.—The Lawrence County Board of Elections was given a surprise when the Democrats filed nominations for Township Treasurers in nearly all of the townships. The Republicans have made no nominations for Treasurers in any of the townships.

The Secretary of State in his digest of the election laws which he issued made no reference to the election of Township Treasurers, but Section 1153 of the act abolishing spring elections, provides that at the first annual election after the passage of the act Township Treasurers should be elected for one year.

**PUNISHMENT OF THE OFFICERS**

**Demand by the English Papers—An Amicable Adjustment of North Sea Affair Anticipated.**

St. Petersburg, Oct. 25.—The Czar today telegraphed to King Edward expressing his deep regret at what had occurred and extending sympathy with the families of those killed and wounded.

St. Petersburg, Oct. 25.—(Bulletin)—It is now learned that Admiral Von Voelkerskam commanded that part of the Baltic squadron which fired on the British fishing boats.

London, Oct. 25.—The feature of the editorial articles in the newspapers is a practically universal demand that the government insist upon the punishment of the Russian officers responsible for the North sea affair, as the only possible insurance against a recurrence of the kind. Without this, it is argued that the seas will be unsafe for any peaceful vessel. King Edward's telegram, characterizing the affair as "unwarrantable," is considered to reflect well the national temper, and the fact that his majesty has taken the unusual course to thus interfere in a diplomatic matter gives the greatest satisfaction as emphasizing the exceptionally grave nature of the crisis.

Count Benckendorff, the Russian ambassador, returned to London from celebrating his silver wedding with his wife's relatives in Silesia, and barely escaped assault from a crowd at the Victoria station, which followed him almost into the embassy. Fortunately for the issue of peace or war, nothing resulted, yet a special force of police was compelled to guard the Russian embassy. There is no doubt that Count Benckendorff was deeply hurt by the demonstration. After escaping from the hostile crowd that met him at the station, he drove at a gallop to the embassy. Half a dozen rowdies followed, but the ambassador arrived unharmed. His noisy pursuers encountered a cordon of police that had been hurriedly despatched to guard the embassy. After singing "Rule Britannia" the disturbers dispersed, no arrests being made, but the police continued to guard the embassy as if it were a British fortress.

Great Britain has sent an urgent note to Russia officially detailing the circumstances of the unexpected attack by the Russian Second Pacific squadron during the night of Oct. 21, on British fishing boats in the North sea. The text of the note has not been given out, but it is officially stated from the foreign office that it contains the significant announcement that "the situation is one in which in the opinion of his majesty's government does not brook delay." Meanwhile the conservative public and press are remarkably undemonstrative. As usual the jingo element demands war, and even in official quarters some go so far as to say that it may be necessary to stop the Pacific

## HARVARD SURPRISES

LOOKS TO BE THE BEST EASTERN TEAM. IN SATURDAY'S FOOTBALL CONTESTS ARE EXPLAINABLE.

The Crimson's Head Coach, Edgar Wrightington, is a Brother-in-Law of C. E. Hollander

The Game is Now Played in High Schools, and College Coach Does the Rest.

From this distance it appears to be almost an assured fact that Harvard will be retained champion of the East, at the close of the present football season. Yale's defeat by West Point, which team Harvard prevented from scoring and defeated 4 to 0, and Princeton's defeat by the Navy, brings the crimson into line light of confident prophecy as to her superiority over all other Eastern teams.

Captain Hurley's eleven won an impressive victory, over the Carlisle Indians last Saturday, which adds to the prestige of the Cambridge team.

It appears now as if both Princeton and Harvard would defeat Yale, and an army of blue coaches have hurried to New Haven to bolster up the weak places in the team. It is given out that centre Horaback and tackle Kinney will be replaced on the Yale line if their work does not show vast and immediate improvement.

Should Harvard win the championship, much of the credit is due to head coach Edgar Wrightington, who was several years ago captain of the Crimson eleven and was one of the most brilliant half-backs ever seen in Cambridge. It will be of interest to know that Mr. Wrightington is a brother-in-law of Mr. Charles E. Hollander of Newark, manager of the Newark Telephone company for the last few years. The head coach of the Crimson eleven is married to Mr. Hollander's sister.

As indicative of Wrightington's methods the following will be read with interest, which is a special dispatch from Cambridge to the New York World:

"Head Coach Wrightington of the Harvard eleven, has determined that the condition of the Harvard eleven, be it good, bad or indifferent, shall not become public property—that is, if he can help it.

"In line with this idea and following explicit instructions, 'Scotty' McMaster, Harvard's trainer, refused absolutely Monday to discuss the condition of the team after the struggle with the Carlisle Indians. The under-coaches are also 'mum.'

Never before has such secrecy been maintained by those in charge of the football interests of Harvard. The sphinxlike policy that is being maintained by the coaches and trainers is a puzzle to the undergraduates, who are anxious for news concerning the team. Wrightington is the censor, and no information other than that which passes through him is given out. The holding out of proper knowledge of the shape of the team does not meet with favor, and there is a deal of grumbling.

"It was learned, however, that the Crimson defenders came through the struggle in first-class shape. Several members of the team are bearing physical souvenirs of the battle in the shape of scars and bruises, but no one was seriously hurt. Captain Hurley carries about with him a swollen and discolored eye, presented to him with the compliments of the red men."

## CONGO TEAM

Defeated Columbus All Professionals, Including Eddie Justice and Kid Purcell, Monday.

The Congo baseball team on Monday defeated a team of all professionals from Columbus, by a score of 4 to 2. Among the Columbus players were Eddie Justice on second, and "Kid" Purcell on third. Beverly, the Lancaster pitcher, and Matterson, the Coshocton catcher, both well known in Newark, also played with the all professionals.

The greatest possible number of leap years will occur in the twentieth century, the year 1904 being the first one, and every fourth year following up to and including the year 2000. In the same century February three times will have five Sundays—in 1926, 1948, 1976.

The Japanese Chamber of Commerce are organized to promote their trade in China by means of commercial museums. This is not a new idea in China, as several European countries have successfully done it before, but Japan's effort will be more complete and systematic.

## KILLED

BY PAN HANDLE LOCAL TRAIN NEAR HANOVER.

Two Revolvers, Skeleton Keys and Lockpicks Found on Dead Man's Person.

Hanover, O., Oct. 25—An unknown man aged about 55 years, evidently an Italian, was almost instantly killed in the sand cut, one mile east of this place, at 11 o'clock this morning, by being struck by the westbound Pan Handle local train. The dead man is described as being heavily built and slightly crippled. On his person were found a large bunch of skeleton keys, two revolvers and several lock picks.

Coroner C. F. Legge of Newark was immediately notified and in a short time arrived here in an automobile with Mr. James Mills. After examining the body and taking the names of a number of witnesses the Coroner left for home. Crisis' ambulance of Newark, came down and took the body to that city, where it will be prepared for interment.

The dead man was seen by a number of people here at an early hour this morning. He came in from the west and was travelling on foot to some point in the west.

## The End of All Armies.

We may really be on the verge of the millennium, for M. Emile Guarnini has come to the conclusion that it will soon be possible to destroy armies by lightning. Receiving a shock from a wireless telegraph apparatus through an anemometer, he experimented with a Ruhmkorff coil and found that sparks could be transmitted through the air with moderate currents. He concludes that the energy of 1,000 horsepower, at 100,000 volts, could be concentrated by antennae so as to destroy life at a distance of twelve miles. The present difficulty, which he believes will be soon overcome, is that of controlling and directing the electric waves.

## JEFFERSON CLUB MEETING

Every member and officer of the Jefferson Club, and every Democrat who is not now a member of the Club, is urged to be present at the next meeting of the Jefferson Club to be held in the Mayor's office in the city building on this Tuesday evening, October 25, at 7:30 o'clock sharp. By order of the president.

## NEWS IN BRIEF

**Auditorium This Evening.**  
Miss Beatrice Shenbrot as "Rob" in a "Little Outcast" will be seen at the Auditorium this evening.

**Mrs. Rugg's Condition Serious.**  
Mrs. W. Rugg, who sustained a stroke of paralysis several days ago, is reported as being in a very serious condition.

**Knights Templar Meeting.**  
A stated convocation of the Knights Templar will be held this evening, when the Order of the Temple will be conferred.

**Interesting Guessing Contest.**  
The Advocate offers \$500 in cash and premiums for the best estimates on Licking county's total vote in November. Read the announcement in another column.

**Lislewilde Park Addition.**  
The Newark Real Estate and Improvement company has just begun the planting of about 350 fine trees in its Lislewilde Park addition, the work being under the supervision of Mr. W. S. Weiant.

**Drilling for Gas.**  
The Wehrle company has begun drilling a gas well on the Zartman farm, west of the foundry plant, and operations will be pushed from now on until gas is struck or a "dry hole" is discovered.

**Will Go to Garrett.**  
Charles Hinger, who has for eight months been employed by Mr. Fred Kussmaul at his fruit stand on the West Side, has gone to Garrett, Ind., where he will work at his trade, blacksmithing, in the R. & O. shops there.

**Sign All Communications.**  
A communication that is not signed by the writer receives no attention at this office. Correspondents and others in writing to the Advocate must sign their names. The signature will not be published, but it is required as evidence of good faith.

**Only Two More Days.**  
There are only two more registration days before election, and they are October 28 and 29, Friday and Saturday, of this week. Unless you are registered this month you can not vote in Newark on November 8. Last year's or previous registration does not count.

**Were in College Together.**  
Senator C. W. Fairbanks, the Republican candidate for vice president, who spoke in Newark Monday afternoon, is an old college mate of "Squire" D. H. Pigg, both men having attended Ohio Wesleyan university at the same time. "Squire" Pigg was at the depot and mutual greetings followed the meeting with his distinguished classmate.

**Finger Nearly Torn Off.**  
Phil Gintner, an employee at the City Electric Light Plant, met with a very painful accident on Monday. He was engaged in cleaning a flue when his right hand was caught and the forefinger was badly mangled. It was thought that amputation would be necessary, but a surgeon dressed the injured member and there is hope of saving it.

**Time Growing Short.**  
Two weeks from today will be election day. The time in which to make estimates on the total vote in Licking county is growing short. Remember every one who pays 50 cents in advance for his subscription to the Advocate is entitled to one estimate and he may make an estimate for every 50 cents paid on advance subscription.

## SCOTT'S EMULSION

is for babies and children who are thin and pale when they ought to be fat and ruddy; for men and women who are weak and delicate when they ought to be strong and hearty—for all who are not getting proper nourishment from their food.

Poor blood, thin body, open the door for disease. Scott's Emulsion bars the way. Makes the blood richer, produces healthy flesh and above all provides nourishment.

Avoid these so-called wines, cordials and extracts of cod liver oil that are prepared for the taste only, contain none of the value of cod liver oil and which contain a large percentage of alcohol.

Scott's Emulsion has been the reliable cod liver oil preparation for over a quarter of a century.

Prizes amounting to \$206 are to be awarded by the Advocate Printing Company. Why not make an estimate and win a prize? It costs nothing.

**Brakeman Badly Hurt.**  
B. O. Brakeman C. A. Body of this city, fell off a box car at Mr. Vernon and severely injured his right leg and knee.

**Church of Christ.**  
At the Central Church of Christ this evening the Christian Endeavor Society will present a miscellaneous program in the interest of the work. All members of the congregation, old and young, are invited.

**New Tent of Maccabees.**  
James O. Cox, Deputy Great Commander of the Knights of the Modern Maccabees, from Port Huron, Mich. is in the city for the purpose of organizing a new tent, and desires to meet all members of the order and the supreme order at his room, 17, over the Newark's laundry any evening this week except Wednesday evening, October 26th.

**A Safe Investment.**  
If you are in need of help, if you have an article for sale, if you want to find something that has been lost or if you want to rent or to buy, put a three line notice in the Advocate, costing 25 cents. It is a safe investment, and will bring returns. Thousands have successfully tried it. Many are trying the experiment today. Have you read the Want Columns yet this evening?

If you are employed during the day attend the night school at Bliss College.

## "Incurable" Stomach Trouble

Cured With Five Bottles of Drake's Pantothen. Costing \$3.75.

Mrs. B. W. Smith, Malco, Iowa, says: "Three doses of Drake's Pantothen Wine gave me the first relief from two years of constant stomach distress. Five 75-cent bottles have cured me. The best doctors and highly advertised medicines utterly failed to give me any relief. I can now eat any wholesome food and have gained twenty pounds weight in three months. Our druggist sold nine bottles of Drake's Pantothen Wine one day to my friends who knew I had done for me. I am recommending it to all who suffer from stomach trouble or constipation. One small dose a day gives prompt relief and cures to stay cured."

Sold at Hall's drugstore, Newark, O.

**Democratic Economy and Republican Extravagance.**

Do the people like to be taxed? Of course taxes are necessary, but excessive taxation is almost a crime. By that we mean that the taking of more money from the people than the needs of government require is indefensible from any point of view. A leaflet which has been issued for circulation shows that expenditures and taxes always decrease under a Democratic President; both always increase under a Republican President. Every year of Republican rule fastens upon the country new expenses which it is not possible thereafter entirely to abandon. Democratic Presidents have always labored to lower taxes. In the last year of Republican President Arthur's administration the ordinary expenses of the general government amounted to \$17.11 for each family of average size in the country. Democratic President Cleveland reduced

this average for four years of his first term to \$16.70. Under his Republican successor, President Harrison, the average rose to \$22.39. Another four years of Democratic efficiency and economy reduced the average again to \$21.66. Under Presidents McKinley and Roosevelt it has again risen, this time to the enormous figure of \$28.51. During 1904, a year of profound peace so far as this country is concerned, President Roosevelt has spent more of the people's money, per family, than the annual average spent by his Republican predecessor during the four years of his administration, including the cost of the Spanish war. He has been absolutely reckless of the interests of the taxpayers, already groaning under the high cost of living, reduced incomes and scarcity of advantageous employment. Give Judge Parker a chance and he will do as other Democratic administrations have done—reduce the taxes, and he will have the chance, too.

**A Frost for Smyser.**

When M. L. Smyser, the Republican candidate for Congress, was introduced at the Fairbanks meeting on Monday afternoon, a dead calm pervaded the crowd. Then he uttered an epistolical ejaculation that showed the consummate conceit that dominates the man on all occasions. He said, "If any one shall say to me that there is lukewarmness toward my candidacy in Licking county, I shall take this magnificent meeting as a full and satisfactory answer to the contrary." At the conclusion of this sentence three persons in the audience gave half-hearted cheers. Just as if that crowd came out to see or hear Smyser. They had a chance a few weeks ago to give him a crowd, and instead gave him a frost. He got an ice bath on Monday, for the crowd stood stolidly by while he spoke, hoping to see or hear some one. Smyser is a Jonah.

The trust magnates may understand better than President Roosevelt that Judge Parker was right when he declared that the rigid enforcement of existing laws would very largely abate the evils of monopoly. The trust magnates know that the enforcement of the criminal clause of the Sherman anti-trust act would put a good many of them in jail. That would do more to abate monopoly than bringing suits for civil damages, attempting to impose fines on big corporations and filing suits to annul charters. A few jail sentences would be the real thing, and that is why Judge Parker's remark is justified by the facts. It is admitted that Republican attorneys generally have never attempted to enforce the present law. How, then, can it be maintained that the law is not sufficient?

Indiana is likely to go Democratic at the election, but every day the indications grow stronger that Parker and Davis can be elected without the Hoosier state. The Republicans are now compelled to reckon with some Western states which they formerly considered not in the least danger.

The Republicans have ceased talking about any disaffection from Parker among Mr. Bryan's strongest adherents. Mr. Bryan has conclusively settled that question on his Eastern trip.

**SMYSER'S RECORD IN CONGRESS**

**A Humiliating Spectacle That is Greatly at Variance With the Extravagant Laudation of Some of the Republican Organs.**

We have seen in a couple of the Republican organs of this district some very extravagant laudation of the Congressional record of Martin L. Smyser, the candidate of the minority faction of his party for Congress. Smyser, he it remembered, only served one term, and his record for that one term is greatly at variance with the high sounding praises that we see in said Republican organs.

Mr. Smyser shows up very badly according to the Congressional Record of September 2, 1890. Congress had been investigating charges against Green B. Raum, the then Commissioner of Pensions for official misconduct in connection with a fraudulent refrigerator company. This investigation had been conducted by a Committee, of which Martin L. Smyser had been made a member, and on that day (see page 10257 of the Congressional Record) it was discovered that Smyser himself was a stockholder in the fraudulent company.

Mr. Cooper, member from Indiana, arose to address the House and said:

"It has come to my knowledge today, and is admitted by the testimony taken before the committee, that one of the members of this special committee, one of those chosen to try and determine the question and to investigate the facts concerning that corporation, is himself a stockholder in this refrigerator company. The name of that gentleman is Mr. Martin L. Smyser, of Ohio, and I now send to the desk and

ask the immediate consideration of the resolution I ask to have read.

"The Clerk read as follows:

"Whereas the special committee appointed to investigate certain charges against Hon. Green B. Raum, Commissioner of Pensions, is, among other things, charged with the duty of investigating certain charges relating to his connection with and management of the Universal Refrigerator Company; and

Whereas Hon. Martin L. Smyser, one of the members of said committee, appears on the books of said corporation as a stockholder in said Universal Refrigerator Company; therefore,

"Resolved, That Hon. Martin L. Smyser be, and is hereby, discharged from said committee; and the Speaker is hereby directed to appoint his successor."

This preamble and resolution caused a lively discussion in the House, in which a few Republican members and Smyser himself made labored efforts to defend his conduct and screen him from disgrace. Smyser could not deny that he had been caught with some of the stock of the fraudulent company that the Committee of the House, of which he was a member, had been investigating. In fact Smyser was compelled to acknowledge it, and before the end of the discussion Mr. Smyser underwent the humiliating spectacle of rising in his seat and withdrawing from the investigating committee.

So much for that wonderful record of Martin L. Smyser in Congress, which is so extravagantly extolled by some of the Republican organs of this district.

Roy Penny Strangled to Death Last Night—Was It Suicide or an Accident?

Delaware, O., Oct. 25.—Considerable mystery surrounds the manner in which Roy Penny, aged 18, came to his death last evening. In the backyard of the boy's home is a swing, and in some manner the young man became entangled in the rope. Charles Penny, the father, upon seeing the yard discovered his son's predicament, but before he could cut the rope and drag the boy's body into the house he was dead.

There is no manner of ascertaining whether the young man intentionally langed himself, or whether he was unwittingly entangled in the rope.

**WHEN ARRESTED GAVE DESCRIPTION OF ACCOMPLICE.**

And Police Were Not Long in Rounding Up Clemmings—Charged Burglary.

Monday evening about 7:50 Officer George McClure discovered John Botts a junk dealer, with two 250 pound bolts of copper wire, on a push cart, in the alley back of the Klondyke saloon.

McClure arrested Botts and it was learned that the wire had been stolen from the Bell Telephone company. Or Tuesday morning he said to Mayor Crilly and Chief Sheridan, that there was another man in the case, and gave them a very slight description of the man. Officer James Callan was put on the case and Tuesday afternoon he brought a man in who proved to be James Clemmings, of 214 Wood's avenue. The wire that was stolen is worth 20 cents per pound. The value makes the crime grand larceny as well as burglary, as it was stolen from the company's supply house, which was broken into.

**BY GAS**

From the Heater Falts Was Killed and His Bride is Lying at Point of Death.

Lincoln, Neb., Oct. 25.—Louis Falts, of this city, formerly of Cleveland, O., was killed by inhaling gas that escaped from an instantaneous heater in his bathroom, and Mrs. Falts, his bride of but three months, is lying at the point of death from the same cause.

Mr. Falts entered the bathroom while his wife sat in a chair in an adjoining room. She soon fell asleep and knew nothing until she was awakened by a noise in the room. Opening her eyes and looking about she was shocked to see her husband lying dead at her feet. She alarmed the house, and then fell unconscious across the dead body of her husband.

Other occupants of the house and neighbors rushed into the room and found Mr. Falts lying across it and the house full of gas. Mrs. Falts has been under the care of physicians ever since, and they hope to save her life, though her condition is very critical.

Mr. Falts was 27 years old and his wife is several years younger. They were married three months ago, and returned only a few days ago from their wedding journey.

**MOUNTAIN OF ICE.**

A Wonderful Natural Curiosity in West Virginia.

The greatest natural curiosity in West Virginia is the ice mountain in Hampshire county. The mountain, which is 4,000 or 5,000 feet in height, is situated about sixteen to eighteen miles beyond Romney, on a mountain road, and is known to many of the people thereabout as the "mountain of ice."

One side of this mountain, the western, is covered from apex to the river's edge with loose ore or shale to the breadth of at least a quarter of a mile. Beneath this shaly rock, no matter at what season of the year, there is always plenty of ice to be found. When the natives want to get a supply of ice they go to the mountain, lift up some of the flat stones and dig or pick out all the ice they want. Ice has been got there as late in the season as Sept. 15 and that always near the surface.

The people say that there is plenty of ice the year round, only requiring a little deeper digging to get it. Snakes and other reptiles which seek to cross the spot on which ice is found freeze and become torpid before they succeed, as the frozen and dead bodies of many found lying on top of the ground go to show.

Nothing will grow on or near the ice deposit, it is too cold for that.

Below, at the foot of the mountain, a progressive farmer has built a big log dairy or cold storage. The log structure has been erected partly in and partly beyond the earth, and the interstices between the logs for the depth of several feet on the mountain side are packed full and tight with ice while the same frozen liquid covers the floor to the depth of several inches.

No effort is made to keep out reptiles, for although meat, butter, eggs, etc., are kept in the dairy, as it is called, snakes and other such vermin always become torpid before they can do mischief.

The only explanation of the freak given by persons familiar with the ice mountain is that the part of the mountain where the ice is found is composed of loose rock or shale and that during the rainy seasons the spaces in the loose rock are filled with water, which during the long, hard winters, which prevail in that section freeze so solid that the heat and rains of summer never reach it strong enough to melt it.—Exchange.

Union bartenders, waiters and brewery hands recently went on strike in Bakersfield, Cal. The public hunger and thirst were only partly assuaged by the employment of Japanese strike breakers.

**FREE TRIAL.**

You can get a large bottle of the Great Ec-zema Cure on trial free—all you need to do is to deposit \$1.00 for a bottle and your deposit money is returned to you if you are not satisfied with results.

F. F. F. is a solvent cure for skin diseases and especially for skin diseases called Eczema. No use to harass you with the big names of skin diseases and sores and ulcers, big gaping, red ulcers; so many have high-sounding names, one is even afraid of the names, but these old sores and ulcers and eczema go away, leave the body, heal up, dry up, disappear from the body when you use F. F. F., and we pay for the trial—if you are not satisfied.

Sometimes these itchy eczema patches come on the head; some call it dandruff. After a time the eczema spots or better spots go to the knees or elbows. Then they race for the entire body: the head, neck, arms and upper trunk of the body are covered, in spots first, but gradually covered with big and little patches of dry, irritating, red blotches and burning sensations.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### AMUSEMENTS

One act in "A Little Outcast" requires a 60 foot car to hold one set. The stage is cleared of all other scenery to make room for this gigantic setting and when the curtain rises one of the most magnificent stage pictures ever seen is displayed in a splendid night view of New York harbor. The tall towering buildings and the great dome of the World building, which are visible from the Battery, are brilliant with hundreds of electric lights, and stand out against the night sky in a golden glory. The rush of the incoming tide, the thrilling light in the water, the electric launch with its police coming to the rescue of the drowning and the realistic sights and sounds make it a difficult thing to realize that one is not in the presence of the real thing. ### DONATIONS

Received by the King's Daughters Were All in Denominations of \$1.00 or Less.

Miss Minnie Williams, one of the most prominent members of the Whatsoever Circle of King's Daughters, said today that after all mills had been paid the net receipts would approximate the amount published in Monday's Advocate, \$450.

The Circle also appreciates the courtesy of the Licking County bank officials, who loaned the young ladies who sold tags, a number of small banks as receptacles for coins to take the place of the pasteboard boxes with which they had provided themselves. The directors room of the bank was also turned over to the use of the young women which obviated the necessity of going to the third floor of the Lansing Block where the King's Daughters room is located, to make reports.

Several people paid \$1.00 for tag, but there were no donations of more than \$1.00 received during the day.

### FAIRBANKS

FAILED TO AROUSE ENTHUSIASM IN HIS AUDIENCE.

Vice Presidential Candidate Makes an Appeal for the Republican Candidate for Congress.

The special train bearing Senator Charles W. Fairbanks, Republican candidate for Vice President, Governor M. T. Herrick and other distinguished Ohioans, arrived in Newark at 4:25 o'clock Monday afternoon, nearly on schedule time, and Senator Fairbanks addressed a large crowd at the Pan Handle depot.

Earl W. Murnhy, chairman of the Republican Executive committee, who had met the train at Cambridge in the morning, introduced Governor Herrick, who in a short address of not more than a minute, introduced the principal speaker, who made his appearance on the rear platform of the train.

His speech was about twenty minutes in length, ten of which were given to a reiteration of the Republican platitudes of good times.

Five more minutes were taken up with an appeal to the voters of Newark to assist in keeping the Republican administration in power, arguing that only by doing this could the vast railroad, glass, foundry and other manufacturing interests of Newark be maintained in a state of prosperous operation. This part of his speech showed very clearly that he had been carefully coached by the local politicians on the train, and the old arguments were made to apply to local conditions, whether they fit or not.

The last five minutes of the speech was an impassioned appeal to the voters of Licking county to elect M. L. Snyser, the Republican candidate for congress in this district. Snyser was on the train and Senator Fairbanks called him to the platform. He came out of the car and spoke for about two minutes, after which the train steamed out for Columbus.

The crowd was made up of as many boys, women and young girls as voters which may in some measure account for the lack of enthusiasm which was apparent. A cheer greeted him as he came forward to speak another greeted the mention of President Roosevelt's name, and the party was given a parting salutation as the train pulled out. This was absolutely the extent of the applause.

It can be truthfully said that Senator Fairbanks is no orator in any sense of the word, whatever other excellent mental traits may be his, and it could almost be felt that the crowd was disappointed after he had spoken only a few minutes. Those who went to the depot had been led to believe that they were to listen to a half hour of rhetorical pyrotechnics, but instead they heard the same arguments that have been the stock in trade of Republican spellbinders for the past ten years. And the most of the crowd had heard these same arguments much more forcibly presented, and with a rhetorical embellishment that was absolutely lacking in Fairbanks' speech. This in some degree accounts for the lack of enthusiastic interest.

Mr. Fairbanks had been traveling all day in the Fifteenth Congressional district making speeches for R. G. Dawes, the former Newark man who is running for Congress in the Zanesville-Marietta district. Mr. Dawes however left the special train before it arrived in Newark.

### OIL STRIKE

NEW WELL COMES IN WITH A 500 BARREL FLOW.

Second One in New Pool at Woodsfield—Big Sale of Building Lots. Boom Is On.

Woodsfield, O., Oct. 25.—The excitement is increasing in the oil fields near this city. The second well in the new pool which was found by the drilling of the big Sheets well a week ago, came in yesterday and is making 25 barrels an hour, or 500 barrels per day. This well is owned by the Hartman Oil company and was drilled on the Right farm just across the line. At the opening of the Park View addition, by public sale, 81 lots were sold for a total of \$8,500. Ten acres of the ground will be given as bonuses to manufacturing interests, which will locate here in the near future.

Under the stimulus of the oil industry, increased activity in manufacturing and splendid prospects for locating new concerns, Woodsfield is prospering and progressing as never before. A strong citizenship feeling is manifest and the business interests of the city are working together for the best interests and development of the town.

### VICTORIOUS

Is the Guardian of Public Health in His Fight Against the Smallpox Scourge in Ohio.

Columbus, O., Oct. 25.—Dr. C. O. Frost, secretary of the State Board of Health, is jubilant over the practical end of the great fight he has been making against smallpox in this state. After a battle that has extended over a period dating back from the close of the Spanish-American war he announced that but one case had been reported in Ohio last week, and that was one of a mild form from Hamilton county. At one time during the epidemic a few years ago more than 2,500 cases were reported at one time, and more than 1,000 were from one county. An energetic effort will be made to keep the pest at a low ebb during the winter.

### Scarcity of Houses.

That Newark's population is rapidly increasing and that more houses are needed, was never more apparent than it is just at present. Many inquiries are being made for houses of from five to seven rooms, but none are to be had. Several hundred new houses have been erected in Newark lately, but they are occupied as fast as they are completed. New families are coming into the city every day, who are either boarding or living in two or three rooms, and who are anxious to secure a house.

**MRS. WESLEY MONTGOMERY.**  
Mrs. Alice Montgomery, wife of M. Wesley Montgomery, died at her home 66 Penney avenue, at 1:25 o'clock Tuesday morning after an illness extending over nearly a year. The deceased was a devoted and consistent Christian, having been a prominent member of the East Main Street M. L. church, from its organization.

She leaves a husband and five children, Attorney Charles W. Benjamin, Merrill, Grove and Florence, all of Newark.

**WILBUR R. DENNIS.**  
Wilbur R. Dennis, son of the late Major and Mrs. A. W. Dennis, of this city, died at the Butterworth Hospital, in Grand Rapids, Mich., on Monday morning at three o'clock after an illness of only a few weeks. The immediate cause of his death was a stroke of paralysis received about six weeks ago. The deceased was well known in Newark having been born and brought up in this city. During the last years of his life he had been engaged in the insurance business for the Home Central Insurance company of Cincinnati, and was stationed in Grand Rapids, Mich. The body arrived here on Tuesday morning at 10 o'clock, and was taken immediately to Cedar Hill cemetery, where the interment was made, and where short services were conducted at the grave by the Rev. T. A. Cosgrove, pastor of the Second Presbyterian church. The deceased was born September 23, 1855, and one son, Nelson C. Dennis, of New York, survives him. He also leaves a half sister, Mrs. Anna Lewis, of this city, who makes her home with Miss Knight, on East Main street. An aunt, Mrs. Jas. Sprick, also survives.

**HUGH FRANCIS PRIOR.**  
Mr. Hugh Francis Prior, aged 27, died at his home, 19 South Buena Vista street, at 8:55 o'clock Tuesday morning, after an illness of several days with acute stomach trouble and a general breaking down of the nervous system. The deceased was born in Wheeling and was the son of the late Thomas Prior. He came to Newark when a boy and learned the trade of machinist at the D. & O., where he worked until about three years ago, when he started a saloon at 201 West Main street, in which business he was engaged at the time of his death.

On November 27, 1901, he was married to Miss Rachel George, who survives him, besides his mother, two brothers, Thomas of Cleveland, John of Newark, and two sisters, Miss Anna Prior and Mrs. Dennis George, both of Newark.

The funeral will take place from the St. Francis de Sales church Thursday morning at 9 o'clock, interment being made in Mt. Calvary cemetery.

fleet pending settlement of the whole affair, though this extreme measure, it is believed, will not be necessary.

The text of the king's message of sympathy to the mayor of Hull was as follows. It was written by the king's private secretary, Sir Francis Knollys: "The king commands me to say that he has heard with profound sorrow of the unwarrantable action which has been committed against the North sea fishing fleet and asks you to express the deepest sympathy of the queen and his majesty with the families of those who have suffered from this most lamentable occurrence."

At the Russian embassy it was stated that "The whole affair was obviously a mistake, from whatever cause, that Russia's course was plainly dictated, namely, apology and ample compensation." All eyes are now turned towards St. Petersburg, awaiting word from the Russian government.

**Russian Ship Souttled.**  
London, Oct. 25.—The steamship Esperanza, which is due to sail from Barry with provisions for the Russian Baltic fleet, was found to be in a sinking condition, her hull having been pierced below the water line. The injury is not explained, but it must have been done Monday, and it is suggested locally that it is the wanton act of some man employed about the ship in resentment of the North sea incident.

## REPORT

Of the Russian Vice Admiral in the Hands of the Czar—An Attack Was Anticipated.

St. Petersburg, Oct. 25.—Vice Admiral Rojestvensky's version of the firing upon the British fishermen has been communicated direct to the emperor. The foreign office issued a statement expressing the regrets of the government for the deplorable incident. While no formal action has been taken, the deepest regret is expressed in all quarters. Emperor Nicholas himself was greatly aggrieved when he heard the news, and Foreign Minister Lansdorff expressed to Ambassador Hardinge his deepest personal regrets. The Russian embassy at London has also been directed to convey similar expressions to the government of Great Britain.

It is hinted that the emperor will send a formal message to King Edward conveying his profound sorrow for the incident and offering to make what reparation is possible as soon as the responsibility can be fixed. These advance assurances, it is hoped, will be met in an amicable spirit by Great Britain.

It is felt here that Rojestvensky is too good a man and officer to be summarily condemned. It developed that the admiralty had strong reason to believe that an attack would be made against the squadron during its passage through the great belt or the English channel. As soon as the facts are established it is certain that the Russian government will voluntarily offer the fullest reparation.

## Russian Admiral's Order.

Paris, Oct. 25.—The Matin's Cherbourg correspondent reports that he interviewed the commander of the Russian torpedo flotilla which left that port Monday, who said that during Sunday night a wireless message from Vice Admiral Rojestvensky had been received as follows: "Redouble precautions and vigilance. Enemy signaled in channel."

## TO THIN PEOPLE

VALUABLE INFORMATION  
Given by Druggist Frank D. Hall.

Druggist Frank D. Hall gives the following advice to those who want to gain flesh, and it should be of value to everybody in Newark:

"The quickest, surest and safest way for thin people to gain flesh is to take Vinol, our cod liver oil preparation, and the reason that Vinol is so far superior to anything else to create flesh and strength is because it does actually contain all of the medicinal, curative elements actually taken from genuine fresh cod livers, which no other cod liver oil preparation does, and being without oil or grease to upset the stomach and retard its work it is a great improvement over old-fashioned cod liver oil and emulsions.

"Prominent physicians agree that this new cod liver oil preparation, Vinol, is certainly the greatest tissue builder flesh creator and strength producer on the market. They prescribe it for their patients who are in need of a tonic reconstructor, and to those who want to gain flesh.

"Vinol acts upon the stomach in a beneficial way, enabling it to obtain the necessary ingredients from the daily food eaten to make pure, rich, red blood, create flesh and strength, and so sure are we of its action that we freely offer to return the money paid for Vinol in every case where it fails." ## AN ORDINANCE.

To amend an ordinance passed November 9, 1893, and entitled: "An ordinance granting to The Newark Gas, Light and Coke Company a franchise to lay, maintain and operate pipes and other appliances for conducting gas for lighting, heat and power purposes, through the streets, alleys and public grounds of the City."

Be it ordained by the Council of the City of Newark, county of Ohio, that the franchise heretofore granted by the City Council of the City of Newark to The Newark Gas, Light and Coke Company, by ordinance passed November 9, 1893, and entitled: "An ordinance granting to The Newark Gas, Light and Coke Company a franchise to lay, maintain and operate pipes and other appliances for conducting gas for lighting, heat and power purposes, through the streets, alleys and public grounds of the City," be and the same is hereby amended to read as follows: "To wit:

Section 1. Be it ordained by the City Council of the City of Newark, Ohio, that there be and there is hereby granted to The Newark Gas, Light and Coke Company, its successors and assigns, for a term of thirty years, commencing from the date of the passage of this ordinance, a franchise to lay, maintain and operate lines of pipe, for conducting artificial or natural gas for lighting, heat and power purposes, through the streets, alleys and public grounds of said city, together with such gates, valves and other appliances as may be necessary in connection therewith. Provided,

First, That said Gas Company shall be required to lay down at its own expense, service pipes from its main pipes to the line of the lot owned or occupied by the consumer.

Second, That all injuries done to streets, alleys and grounds in laying, repairing, maintaining and operating such pipes and other fixtures and appliances shall be promptly repaired by said company, its successors and assigns, and left in as good condition as before.

Third, That all excavations made by said company in the streets, alleys and public places of said city shall be securely covered and guarded, and the company shall hold said city free and harmless from all damages, costs and expenses by reason of injuries resulting from the failure of said company to so properly guard said excavations.

Fourth, That the price of said Gas Company shall not interfere with the drainage of said city by the necessary construction of sewers and other underground fixtures for conveyance of sewage within said city, nor shall the inhabitants thereof be liable in any damages for the necessary drainage of said city, nor on account of any improvement in the drainage of streets, alleys, public or private grounds in said city, or in the construction of any public or private works.

Fifth, That the Company's wharf furnishing natural gas during said period shall furnish without charge natural gas for fire and for heating and lighting in City Hall, City offices, City Prison, Fire Department and other city buildings used for city offices only, and parts of buildings occupied by city offices, and said company will also pay into the City Treasury 2 per cent annually of the gross receipts from the sale of natural gas for the first ten years of the franchise, said payment to be made on the 5th day of January of each year for the preceding year. Or in lieu thereof at the option of the City Company said Company will furnish fuel gas for the use of the municipal electric light plant during said ten year period.

## QUALITY.

Section 2. The artificial gas furnished by said Gas Company for illuminating purposes shall be of as uniform quality as possible, averaging not less than twenty (20) sperm candles per water gas, nor less than fourteen (14) sperm candles per coal gas, burning one hundred and twenty (120) grains per hour, to be determined by authorized photometric test, a five-foot burner being used.

## RATES.

Section 3. That for a period of ten (10) years from the acceptance of this franchise by said Gas company, in the manner hereinafter provided, the said Gas Company shall have the privilege of charging a price not exceeding one and 50-100 dollars (\$1.50) per thousand cubic feet for all artificial gas used for illuminating purposes; provided, however, if the said price be paid on or before the 10th day of the month, a discount of 10 per cent from the before mentioned price shall be allowed; and not exceeding one dollar (\$1.00) per thousand cubic feet for all artificial gas used for fuel or power purposes; provided also, that the said price be paid on or before the 10th of the month, a discount of 10 per cent from the before mentioned price shall be allowed. And the said Gas Company shall have the privilege of charging for any such natural gas furnished at the rate of twenty-five cents (25c) per one thousand cubic feet and meters to be furnished by said company and no meter rent charged therefor.

Provided, also, that if said price be paid on or before the 10th of the month, a discount of ten (10) per cent from the before mentioned price shall be allowed.

Section 4. This ordinance as amended shall take effect and be in force from and after its passage, legal publication and the filing of a certified copy of the same by said Gas Company in the office of the City Clerk.

Passed July 12, 1904.  
HARRY ROSSEL, President.  
FRANK T. MAURATH, Clerk.

Approved by Mayor, July 26, 1904.

# \$500 In Premiums \$500

## TO BE DISTRIBUTED AMONG ADVOCATE SUBSCRIBERS EARLY IN NOVEMBER.

What will be the total vote cast for President in Newark and Licking County by all parties combined, on Tuesday, November 8, 1904.

This is a question we are all interested in, and to make it more interesting and to give The Advocate readers something to figure for The Advocate Printing Company has set aside \$500 to be paid in cash, in five premiums and paid-up subscriptions to The Daily Advocate to be distributed among Daily and Semi-Weekly subscribers of The Advocate, who come nearest estimating the total number of ballots cast in Licking County at the Presidential election to be held November 8, 1904.

The conditions of this contest are as follows: Open to both old and new subscribers.

### THE DAILY ADVOCATE.

For every 50 cents paid in advance on THE DAILY ADVOCATE, the subscriber will receive the Daily five weeks and be entitled to one guess. Or if ten weeks are paid in advance at 10 cents per week, the subscriber will be entitled to two guesses and the Daily ten weeks, and so on, one guess given for every 50 cents paid in advance.

### THE SEMI-WEEKLY ADVOCATE.

Every subscriber, new or old, will be entitled to one guess for every 50 cents paid in advance. If one year is paid in advance, the subscriber is entitled to two guesses and so on, a guess being given for every 50 cents paid in advance.

No guesses allowed on subscription paid in advance before this offer was made.

The \$500 in Cash and Premiums will be Distributed as Follows:

### PREMIUMS.

To the one making the nearest correct estimate of the exact total of ballots cast in Licking county for President on November 8, 1904. (cash).....	\$50 00
To the second nearest, one fine bed room suit value.....	40 00
To the third nearest, one full jewel, warranted 20 year gold filled Hunter case watch and chain, value.....	30 00
To the fourth nearest (cash).....	20 00
To the fifth nearest (cash).....	15 00
To the next five nearest, \$8 each (cash).....	40 00
To the next ten nearest, \$5 each (cash).....	50 00
To the next fifteen nearest, \$5 in subscriptions to the Daily Advocate.....	75 00
To the next twenty nearest, \$2.50 each (cash).....	50 00
To the next twenty-four nearest, six months subscription to The Daily Advocate at \$2.50.....	60 00
To the next ten, \$2.00 each, cash.....	20 00
To the next 50, \$1 in cash.....	50 00

Total in cash and premiums..... \$500 00

One hundred and thirty-nine premiums for Advocate subscribers given absolutely free by the Advocate Printing Company.

Before being entitled to a guess, all back subscriptions must be paid.

### Here is the Total Vote Cast for President in Licking County Since 1884.

1884 .....	10,702
1888 .....	11,333
1892 .....	11,194
1896 .....	12,381
1900 .....	12,786

Since 1900 the following vote has been cast in Licking County at each November election for State officers:

1901 .....	11,174
1902 .....	10,818
1903 .....	11,094

In case of a tie in estimates of two or more persons for any one of the prizes as above enumerated, the amount will be equally divided.

Use the following blank for making your estimates:

DATE ..... 1904.

NAME .....

ADDRESS .....

My estimate on total vote for President at the coming November election is .....

REMEMBER—You can subscribe for The Daily Advocate for as many weeks in advance as you wish and receive a guess for every 50 cents paid, or for The Semi-Weekly Advocate and receive two guesses for every year paid in advance, or one guess on every six months' subscription paid in advance.

If you are not already a subscriber to The Advocate, Newark's most enterprising and up-to-date paper, send in your name and 50 cents for a trial subscription of five weeks, and which will entitle you to one guess. If you are already a subscriber, send the paper to a friend for five weeks and receive one guess.

The award will be made by an impartial committee as soon as possible after the official vote is announced by the Board of Elections.

All estimates must be in The Advocate office before 6 o'clock p. m. on November 8th. All letters containing remittances postmarked before 6 p. m. November 8th, will be received and counted.

Make your estimates at once. Make as many estimates as you desire, the only condition being that each shall be accompanied by five weeks' subscription to The Daily Advocate or six months' subscription to The Semi-Weekly Advocate.

## STATE NEWS

### Cambridge Glass Works.

Cambridge, O., Oct. 25.—The Cambridge Glass company has two furnaces operating and Manager Conrad Lang is averaging nearly 100 pots of glass each from them. They are each of 11 pots capacity and are built on the regenerative principle. A new electric power plant is under construction and it is expected to be ready in about a month. It is so situated that coal can be dropped from the cars in front of the boilers. It will furnish power to small motors which will be placed in various parts of the plant where power is needed and it is expected that there will be great economy in the cost of the power furnished as a result.

### Church Club Formed.

Coshocton, O., Oct. 25.—In response to the letters sent out by Rev. Mr. Hamilton of the Presbyterian church, about 50 young men remained after service on Sunday evening to take steps toward the organization of a young men's club. The object of the club is to arouse the interest of the young men and get them in the church.

### Death at Coshocton.

Coshocton, O., Oct. 25.—Mrs. Fannie Smith died very suddenly at her home on South Lawn avenue Sunday of heart disease. Mrs. Smith was a native of Ireland, being born in Donegal county 69 years ago.

### Sent Money to His Mother.

Steuersville, O., Oct. 25.—William Vanatta, aged 23, an employee at the Morris Poston mines at Mt. Pleasant, was arrested and held for court by Mayor Scott, charged with twice robbing the W. and L. B. station at Mt. Pleasant, taking \$238 in all. Vanatta said he was not working steadily, and he took the money to send to his mother at Columbus.

### Into Scalding Water.

McArthur, O., Oct. 25.—Bert Brimmer, a miner, aged 21, and married, was killed yesterday at Blakely mine by falling out of an ascending cage to the bottom of the shaft into scalding water.

### Second Degree Murder.

Steuersville, O., Oct. 25.—Samuel Ashby was last night found guilty of murder in the second degree for killing his wife, May 26, at Rush Run. The trial lasted a week. At the former trial Ashby was found guilty and sentenced to the penitentiary for life. The Circuit court granted him a new trial. Ashby, it is claimed, was jealous of his wife and built fences to keep men from the house and trap doors to catch them, and did many other peculiar things.

### Ordinance Unpopular.

Toledo, Oct. 25.—One thousand men marched upon the city council to protest against the passage of an ordinance granting a renewal of the franchise of the Toledo Railway and Light company for 25 years upon a basis of six tickets for 25 cents and universal transfers. The ordinance is now pending, but was not considered in council and is yet in the hands of the committee.

### Receiver Discharged.

Cleveland, O., Oct. 25.—The receiver for the Cleveland, Painesville & Ashabula Electric railroad, who was appointed a week ago upon the petition of J. D. Mitchell of Toledo, has been discharged upon the request of the petitioner, who stated that the allegations contained in the petition could not be substantiated.

### Young Women Raised the Money.

Cleveland, Oct. 25.—The Cleveland Young Woman's Christian association finished a two years' task of raising the sum of \$150,000 in order to secure an additional \$100,000 promised by John D. Rockefeller. The money, which will be used to erect a central building here, was required to be subscribed by Nov. 1.

### Child Drowns in Cistern.

Columbus, O., Oct. 25.—Charles Henry Cruse, 4, was drowned in a cistern in the rear of the residence of his parents, Mr. and Mrs. John Cruse, 451 West Rich street. It is said the cover was constructed of rotten boards and gave way when the child walked upon it.

### A WAY OPEN.

Many a Newark Reader Knows It Well. There is a way open to convince the greatest skeptic. Scores of Newark people have made it possible. The public statement of their experience is proof of the life of which has never been produced before in Newark. Read this case of it given by a citizen:

Mrs. John Goodwin, No. 9 Meyers street, says: "My back was so painfully troublesome that I could neither sit, stand or lie down with comfort. It was the first time that I had anything wrong with my kidneys, and happening to see Doan's Kidney Pills endorsed locally so I went to Crayton's drug store and got a box. After I had been using them a short time I felt that I was improving. My back finally got well so that I was before long able to be around again."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

### Escaping Prisoner Shot.

Detroit, Oct. 25.—Fred C. Mathews, a general prisoner at Fort Wayne, serving a sentence for desertion, was shot and killed by Private Frank J. Hills while trying to escape. Guard Hills was conducting Mathews to the woodpile for his day's work when Mathews broke away and ran toward the fence about the fort grounds. Hills ordered him to stop, and when he failed to do so, shot him in the back. Mathews lived but 20 minutes.

### Jewels Recovered.

New Haven, Conn., Oct. 25.—The \$25,000 worth of jewels which were left on a seat at the Grand Central station, New York, by Mrs. E. P. Gavit of Albany, have been recovered here. They were picked up by John Frederick Hocking of this city, a New Haven road employee. The jewels were taken to a trust company for safe keeping and Anthony N. Brady, the father of Mrs. Gavit, was informed of their recovery.

### Charge Against Telegrapher.

Tullahoma, Tenn., Oct. 25.—N. W. Hamilton, telegraph operator, was arrested in connection with the First National dealcation. He is charged with conspiring with Alan Parker, the cashier of the bank, to abstract and make way with funds of the institution. He is alleged to have conducted Parker's bucket shop operations. Hamilton gave bond for \$10,000.

### Floating in the River.

Nashville, Tenn., Oct. 25.—The dead body of Mamie Stephenson, a white woman, was found floating in the Cumberland river. The police are inclined to the belief that the woman was murdered and her body thrown into the river.

### What Swallow Would Do.

Milwaukee, Oct. 25.—Dr. Silas C. Swallow, prohibition candidate for president, spoke before a large audience in Pabst theater here. Dr. Swallow took up the various issues contained in the prohibition national platform and argued in their defense. "Turn the breweries and distilleries into factories," he said, "and prosperity will know no bounds. The labor question will never be settled until the liquor traffic is abolished."

### To Be Reorganized.

Lansing, Mich., Oct. 25.—Upon application of E. Bements Sons, extensive manufacturers of stoves and farm implements, the affairs of that corporation were placed in the hands of the Detroit Trust company as reorganization agents. The company is capitalized at \$1,250,000.

### Stables Consumed.

Mrs. L. C. Glover, Vice Pres. Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. Glover, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Ass'n.

Women should not fail to profit by the experience of these two women; just as surely as they were cured of the troubles enumerated in their letters, just so certainly will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you any thing else in its place.

### An Indiana Lady Tells of a Wonderful Cure:—

"DEAR MRS. PINKHAM: It is a pleasure for me to write and tell what your wonderful medicine has done for me. I was sick for three years with change of life, and my physician thought a cancerous condition of the womb. During these three years I suffered untold agony."

"I cannot find words in which to express my bad feelings. I did not expect to ever see another well day. I read some of the testimonials recommending your medicine and decided to write to you and give your treatment a trial."

"Before I had taken half a bottle of Lydia E. Pinkham's Vegetable Compound, I began to sleep. I have taken now six bottles and am so well I can do all kinds of work."—Mrs. LIZZIE HINKLE, Salem, Ind.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America can speak from a wider experience in treating female ills. Address is Lynn, Mass.; her advice is free and always helpful.

**\$5000 FORFEIT** If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness, Lydia E. Pinkham Med. Co., Lynn, Mass.

## STUDENT

LISTENING TO THE FAIRBANKS SPEECH FELL FROM CAR.

Home: Brown Badly Hurt by Falling From Top of Box Car at Pan Handle Station

A bad accident occurred during the Fairbanks meeting at the Pan Handle depot on Monday afternoon, in which a young man named Homer Brown, son of Mr. W. H. Brown, a member of the Big Six Lumber company, was seriously injured. Young Brown, who is a student at Denison university, Granville, had come down to the city with a number of other students, to hear Mr. Fairbanks. In order to obtain a better view of the proceedings the young man with others, had climbed up on a box car that was standing near. The fact that the boys were on the car seemed to irritate a driver of a lumber wagon, who commenced striking at them with his whip. In endeavoring to avoid the whip young Brown unfortunately stepped off the car backwards, falling on the railroad tracks, and striking on his hip, shoulders and head. He was assisted to a boarding house near the corner of South Second and Rivington streets, where the blood was washed from his head and face, after which he was taken to the City Drug store, where his injuries were attended to by Dr. G. W. Smith and Dr. J. W. Alexander. While in the drug store he went in to convulsions, but finally recovered sufficiently to be taken to his home, 533 West Main street. Mr. F. M. Alexander, the well known mail carrier, who was with the young man at the time of the accident, remained with him from 4 till 7 o'clock. The injured man is reported as being considerably improved at this writing.

## WEDDINGS.

### COOPERRIDER-ORR.

The home of Mr. and Mrs. James S. Orr of Brownsville, this county, was on last Wednesday evening, October 19th, the scene of the gayest festivities. The occasion was the wedding ceremony of their daughter, Miss Ammie, to Mr. Ernest Cooper of Perry county. Promptly at 5 o'clock p. m., while the wedding march was played by Messrs. John and Charles Mack, the bridal party took their places under appropriate decoration in the pleasant parlor and the Rev. E. D. Burnworth of Ashland, O., pronounced the words that made Mr. and Mrs. Cooper rider man and wife.

The bride was attired in a rich and beautiful gown of white silk mull and lace tastefully decorated with orange blossoms.

Miss Edith Orr, the bride's younger sister, and Mr. Scott Kreager of Olatio, acted as bride maid and best man respectively, while Miss Mabel McMaster of Brownsville carried the flowers with which to strew the path of the contracting parties.

After the congratulations and best wishes of the guests for a long and happy life, a sumptuous dinner was served to over 60 people who had been invited to enjoy the merry making.

The evening pleasures would not have been complete however, had it not been for some of the more daring spirits who headed by Miss Elizabeth McMaster playing a double tattoo on the family washbasin, furnished the music for a serenade and also inspired the even bolder ones in the parlor to indulge in the good old Virginia reel, led by the genial and gallant young Dr. Holmes of Brownsville, who always knows so well how to help the fun begin.

The young couple were the recipients of a number of beautiful and costly presents which betokened the high esteem in which they were held.

The guests from a distance were Mr. and Mrs. Benson Harrison and daughter and Miss Lena Orr of Jersey, Mr. Harry Walzert and Mr. Angus Swartz of Thornville, O., and Prof. J. W. Adams of Johnston.

On the following day the groom's parents, Mr. and Mrs. Simon Cooper of Glenford, Perry county, splendidly entertained. In honor of their son and his wife, the same guests and at a late hour on Thursday all departed wishing the young people many happy anniversaries of their nuptial day.

## FROM OHIO

Widowed Mother Journeyed to Texas, Seeking a Pardon for Her Convict Son.

Ft. Worth, Texas, Oct. 25.—Mrs. Lydia Wilson has arrived here from Waverly, Ohio, to secure the release of her son Estados, who is serving a life sentence for murder committed about five years ago in West Texas.

Wilson, aged 15, ran away from his home near Dennison. While stealing a ride on a Ft. Worth railway freight car he shot and killed a man with whom he was playing cards. He was arrested and convicted.

While being conveyed to the penitentiary by the Sheriff of Young county, Wilson escaped from the train. He joined his mother, who had left Texas and moved to Ohio. He was captured after being at liberty several months.

The judge and jury who sentenced him for life and the sheriff have signed a petition addressed to the governor requesting that young Wilson be pardoned. His widowed mother is at present at Austin to present the petition to Governor Lanham.

Mrs. Wilson has sacrificed a valuable farm to procure money to spend in behalf of her son.

## OVER EIGHTY,

But Oliver Ewing is Departing For His Seventeenth Hunting Trip Into Arkansas Woods.

Marysville, O., Oct. 25.—Oliver Ewing of Woodstock, father of Charles and Frank Ewing, who are farmers near Marysville, has just departed for Dayton to join a party that is going to Clay county, Arkansas, on a hunting expedition.

This will have been the seventeenth trip that Mr. Ewing has made into the wilds of Arkansas in quest of game, which, he says, is still plentiful there, especially deer and turkeys. Quail are very thick, but nobody thinks of killing them, preferring bigger game.

Mr. Ewing is past 80 years of age, but does not look over 60. He ascribes his good health and present activity to the fact that he has never allowed himself to grow old. Instead of taking things easy in proportion as his years increased he has preferred to lead an active life and spends a large portion of his time in the open air. On returning from one of his periodical hunting trips he says he invariably feels like a young man.

In his earlier days Mr. Ewing was a driver on the old stage line between Bellefontaine and Columbus, via Marysville, and also Delaware to Urbana.
